Profile

Career Objective

Motivated Electrical and Electronics Engineering graduate with a strong passion for electronics, learning facilitation, and continuous technical growth. Skilled in analyzing and designing electrical circuits, power systems, and electronic devices, with hands-on experience using MATLAB for simulation, Python for algorithm development, and Proteus for circuit modeling. Seeking an opportunity to apply and expand this expertise in a professional environment while contributing through effective problem solving, clear technical communication, and supportive mentoring of others.

Professional Experience

10/2025 – present	Robotics trainer <i>Al Hadiyah International School ,Chittagong</i>
06/2025 – 10/2025	Certified Mentor <i>World Robotics Olympiad Bangladesh</i>
	Mentored Students in microbit. programming <i>Faujdarhat Cadet College</i>

Education

2021 – 2025	Bachelor of Science in Electrical and Electronics Engineering <i>Chittagong Independent University</i>
2018 – 2020	Higher Secondary Certificate (HSC) <i>J.M Sen College ,Chittagong</i>
2016 – 2017	Secondary School Certificate(SSC) <i>Chittagong Laboratory School and College</i>

Skills

Technical Skill

Programming Language, C/C++, Python

Software Skill: Proteus, Matlab, Microchip studio,
Microsoft Visio,Adobe premier pro, Canva, Excel, Word.

Soft Skill:

Time Management
Effective Communication
Visualization
Leadership
Problem Solving
Professionalism

Languages

- Bangla
- English

Projects

- Dc to Dc Booster
- Robo Soccer BOT
- 8*8 LED Matrix Display
- Voltage Regulated System
- Motor Speed Controller
- IoT-Based Smart Mosquito Trap
- Obstacle Detector

Achievements

Participated in PUB Robo Soccer 2023 and Bangabandhu Innovation Fair 2024, showcasing technical interest and innovation skills. Robo soccer competition fourth place Southern university tech fest 2023

Completed a comprehensive photography workshop under the guidance of Shoeb Faruquee, strengthening both technical proficiency and creative visual storytelling skills.

Received a volunteer certificate for dedicated service during the CIU Convocation 2025, contributing to event coordination and successful ceremony management.

Club Activities

01/2024 – 08/2025	IEEE CIU STUDENT BRANCH <i>Joint Organizing Secretary</i>
01/2024 – 08/2025	CIU ROBOTICS CLUB <i>Executive Member</i>
01/2024 – 07/2025	Independent University Science & Engineering Club <i>Executive Member</i>
